1972 INSURANCE DIVIDENDS

The Administration of Veterans Affairs, Donald E. Johnson, recently announced that payment of the 1972 Government insurance dividend to more than four million veterans of World War I and World War II will be an all-time high.

Of the $286 million, $265 million will be paid to 3,905,000 holders of National Service Life Insurance policies, for an average dividend of more than $67.

And the payment of $21 million to 154,900 United States Government Life Insurance policy holders will make the average dividend more than $135.

According to Administrator Johnson, those with January 19-72 policy anniversary dates will be paid on the anniversary date. For those with anniversary dates later than January, processing will be accelerated so that all will have been paid their 1972 dividend by the end of April.

In Virginia 5,109 veterans with USGLI policies will receive a total of $654,000, or an average of $128. Also, 103,210 veterans with NSLIpolicies will receive a total of 1,577,000, or an average of $73.
